

SERVANT KEEPER® 7 Online Giving

Online Giving Made Easy

- **Simple and easy set up**
- **No Setup Fees**
- **No long term contracts**
- **No monthly fees**
- **Awesome customer support**
- **Choose the plan best for you**
- **Super low processing fees**

Integrated with Servant Keeper® 7

Because SK Online Giving is integrated with Servant Keeper the process of staying up to date is very simple. You don't need to do any complicated importing or exporting of contribution tables, or labor over trying to decide which contributions have already been updated.

Simply click "Import SK Online Giving Transactions" and Servant Keeper will be updated with any online donations that have not already been brought into the database. This way you can still do all of your reporting in Servant Keeper and you don't have to worry about managing two databases.

Monthly Minimum \$10

Option 2: \$29/monthly

2.5% + \$0.30 Card Transaction Fee

1.0% + \$0.25 ACH Fee

No Monthly Minimum

Recurring Gifts

The number one reason for churches and ministries to accept online giving is the potential to develop a steady stream of recurring giving among its members. The consistency that recurring giving provides improves giving habits and specifically helps churches during vacation season when income typically drops.

Giving Kiosks

You will love the giving kiosks that you can set up anywhere you want people to give or pay for events. No staff or volunteers are required to "man" the kiosks, your donors simply walk up, swipe their card, and choose the fund or event!

Website Branding

We customize the online giving page and e-mails to meet the specific needs of your church or ministry.

- We brand the online giving page to transition seamlessly between your church's website and the online giving site.
- Branded online giving pages make your members feel more secure, because they recognize the branding of their own church.
- You manage the giving categories so you can update them at your convenience.
- You can also update the design/branding of your giving site as your church's branding evolves.

If your church or ministry wants to gather additional information or provide online registration, our services include that, too. Ex:

- You build and edit the registration page
- You can style the registration page to have the same look and feel as your church's website

Customized e-mails are sent whenever someone makes a donation. The e-mail can be customized to have the exact terminology you want when communicating with your members.

Text to Give

SK Online Giving makes text giving super fast and easy for your donors. Your church receives a private SMS phone number that is unique to your organization. Donors simply text an amount to your private SMS phone number and SK Online Giving handles the rest! The funds settle with the rest of your online donations, typically 2-3 days. The best part? No added transaction fees! All for just an additional \$5/month!

- **Dedicated SMS number for your church**
- **No added transaction fees**
- **Funds settle quickly**
- **No "short codes" required**
- **EASY to set up and get started using fast!**

Event Registration

You can now setup, edit and report on event registration forms, such as for youth events, retreats or special fundraisers.
